One thing in the draft charter measure that will be coming out is the change to the arts section 5.103. We aren't changing civic design review.

We need to have amendments into CAT by end of the weekend, FYI. Not really your problem but wanted to flag in case anything is absolutely glaring to you. And more than happy to find time to talk about it.

Hi Jen,

As we are (finally) nearly done with making decisions on charter reform and knowing that our measures will be merged, it would be great to sit down with you to trade notes on our respective measures. Might you have some time this week to sit down and walk each other through them? Let me know when works best.
