Re: Laguna Honda Hospital Site Senior Housing Feasibility

Assemblymember Ting:

We write to express our support of proceeding with a feasibility analysis of the fit for affordable senior housing on the un-built parking lot at the City's Laguna Honda Hospital. The need for affordable senior housing in San Francisco is significant, and the opportunities for 100% affordable housing at the scale that will make an immediate impact are few and far between.

The Department of Public Health (DPH) and the Mayor's Office of Housing and Community Development (MOHCD), which we oversee, have worked collaboratively to identify this site as a potential opportunity for new affordable housing for seniors. With financial support supplemental to the City's own, we will be able to take the next steps to evaluate this valuable site.

If you have any questions, please contact us at 415-554-2526 (Director Garcia) and 415-701-5528 (Director Hartley).

We look forward to collaborating with you on this opportunity.

Sincerely,
