Dear Ms. Zumda,

If the Controller's Office is invoking an extension, it should be dated to start on Monday, August 5 (the first business day after I filed the request on Saturday, August 3), and not starting the clock ticking on Friday, August 9, a full five business days after you should have received the request on Monday, August 5.

Thank you,

Patrick Monette-Shaw

Hello, Mr. Monette-Shaw:

This email responds to your Information Request below. The Controller's Office is invoking the extension of time provided by the Sunshine Ordinance, Administrative Code Section 67.25(b). As permitted by Section 67.25(b)(a), this Office will respond to your request within 10 business days of its receipt.

The Controller's Office is invoking the extension because your request is a "more extensive or demanding request" and is not a "simple routine or other readily answerable request" as described in Section 67.25(a). Some of the information you requested involves the need to consult with other departments, a reason for an extension under Section 67.25(b). We expect to respond to you within the 10 business day deadline and we will produce the information on a rolling basis as it is ready.

Thank you.
