Sub-Total After Decertification	0	107	9	127	243
Total:	2,905	1,230	313	1,404	2,947
<hr style="border-top: 1px dashed red;"/>					
Annual Average 2015 to 2019	496	197	54	209	460
Monthly Average 2015 to 2019	41.3	16.4	4.5	17.4	38.3

Estimated LHH Admissions Denied Over 26 Months Since April 2022 Decertification	1,075	427	452	997
--	--------------	------------	------------	------------

Note: In calendar year 2015, LHH tracked "Planned Discharges" and "Unplanned Discharges" in a single category titled "Community Discharges," which totaled 330 in 2015. Data shown here are estimates based on an average of 54 "Unplanned Discharges" annually between calendar years 2016 and 2019, with the rest apportioned to "Planned Discharges" to reach the 330 combined community discharges.
