Dear Dr. Colfax, Mr. Phillips, and Ms. Chen,

This is an Immediate Disclosure Request for Public Records under San Francisco's Sunshine Ordinance, the California Public Records Act, Proposition 59, and the Brown Act.

City Attorney David Chiu's *LHH Settlement Agreement* stated on page 13 that the Quality Improvement Expert(s) LHH hired was required to perform a "*Root Cause Analysis*" to determine the factors that resulted in CMS concluding LHH had violated Federal nursing home regulations. The *Root Cause Analysis* was to identify the root causes of each of the 26 deficiencies identified by CDPH and CMS during

inspections of LHH, and make recommendations for changes and improvements necessary for LHH to achieve and maintain compliance with Federal regulations.

The written *Root Cause Analysis* report was to be submitted to CDPH and CMS no later than December 1, 2022.

For this new records request:

Please provide the written *Root Cause Analysis* report due to CMS no later than December 1, 2022.

Thank you.
